CO-OP[®] D-MO[®] SL

ADVANCED
FORMULA

HEAVY-DUTY SYNTHETIC DIESEL MOTOR OIL

DESCRIPTION

CO-OP D-MO SL has the same advanced motor oil formulation as CO-OP D-MO, with the added advantages of Group IV synthetic base oil. It provides superior performance, meeting or exceeding other competitive products and current API service classifications. It is especially effective at extreme low temperatures and can reduce engine wear due to cold starts by as much as 60%. CO-OP D-MO SL meets the demanding North American and European service requirements. This is reflected in its ability to extend oil drain intervals within all engine manufacturer's recommendations. CO-OP D-MO is recognized as one of the finest diesel motor oils produced.

FEATURES & BENEFITS

- **EXTENDED SERVICE**
CO-OP D-MO SL meets engine manufacturer's requirements for extended service (extended drain) intervals.
- **OXIDATION RESISTANCE**
CO-OP D-MO SL's oxidation inhibitors reduce oil thickening and varnish build-up due to oxidation.
- **ENGINE CLEANLINESS**
CO-OP D-MO SL's unique mix of additives and synthetic base oils reduces harmful engine contaminants and varnishes.
- **VISCOSITY RETENTION**
CO-OP D-MO SL's stability ensures stay-in-grade performance under the most severe operating conditions.
- **RUST PROTECTION**
CO-OP D-MO SL provides superior rust and corrosion protection under the most severe conditions.
- **EXTENDS ENGINE LIFE**
Superior CO-OP D-MO SL maximizes engine life through advanced technology and synthetic components.
- **FUEL ECONOMY**
CO-OP D-MO SL's synthetic formulation improves fuel economy and reduces engine warm-up time.
- **WEAR PROTECTION**
CO-OP D-MO SL's advanced additives bond to metal surfaces, creating a protective film.
- **SOOT CONTROL**
CO-OP D-MO SL reduces combustion chamber deposits and controls soot deposits.
- **REDUCED OIL CONSUMPTION**
CO-OP D-MO SL's shear stability ensures reduced oil consumption in all operating conditions.
- **LOW TEMPERATURE OPERATION**
CO-OP D-MO SL is designed for use in low temperatures down to -48° C.
- **SYNTHETIC FORMULATION**
Unlike most competitors, CO-OP D-MO SL OW40 uses 100% Group IV synthetic base stock.
